BACK TO SCHOOL TIME!

UNDERSTAND

THE PLAN(S)
The OSCS Reopening, Operations and Instructional Continuity Guides describes the four levels of reopening our school. It is a collaborative decision between administration, the OSCS Board of Directors, Monroe County School District and the State of Florida to decide which level OSCS will operate at. These levels can and will change depending on the community spread of COVID-19.

Level 1: Normal Operations on Campus
Level 2: Normal Operations with Health Maintenance Guidelines in Place on Campus
Level 3: Split Schedule on Campus
Level 4: Distance Learning

MEET

QUESTIONS?
Join Ms. Trisha, Ms. Jessica & Ms. Carol for Zoom chats to discuss what is going on!

Monday, July 27 - 12pm
Monday, July 27 - 5pm
Wednesday, July 29 - 12pm
Wednesday, July 29 - 5pm

Meeting ID: 948 7338 9523
Passcode: 773214

YOUR CHOICE

THERE ARE OPTIONS
We understand there is no "one size fits all" to this situation and we want to work with each of our families to find the best learning solution for your children.
If OSCS is open at a Level 2 or Level 3, you can still maintain your enrollment spot at Ocean Studies and opt for full time distance learning provided by Ocean Studies Charter School for your students. This option is available for families who choose for their students to remain home and attend each day online. There will be a full and robust FL State Standards based ELA, Math, Science and Social Studies curriculum along with a blend of Google Meet live lessons, paper based options, Art/PE specials and more. To opt in to OSCS Distance Learning, you must commit to a 9-week program. You may reassess your families needs after each 9 weeks. Please note: if you choose to enroll in other online schools, you will forfeit your enrollment spot at Ocean Studies Charter School. There will be a survey sent to each family asking what their first 9 week preference will be - on campus or online.

WE ARE READY.
Please know we have been working very hard to ensure that the most up to date policies and procedures are in place. Our new school facility at Mile Marker 100 will be ready, when you are, for your children. Please read the entire Guide so you understand and are aware of our Ocean Studies plan. If you have ANY questions at all, please join us on a Zoom or give us a call. We are here for you.
